

A Roundtable

Discussion

with Members of the Board of Education

about District Goals

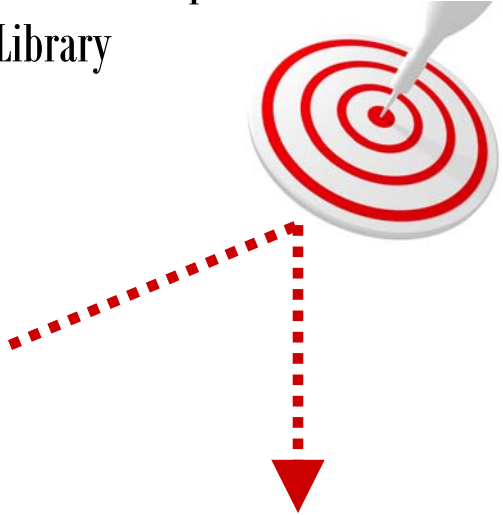

Monday, May 10, 2010 • 7:30-9:00 p.m.

Columbia HS Library

SOUTH ORANGE MAPLEWOOD SCHOOL DISTRICT

As the Board of Education prepares to approve District Goals for the 2010—2011 school year, the Board invites parents, teachers, staff and members of the community to share their thoughts and ideas regarding what should be the District’s priorities. The Board wants to ensure that the District Goals reflect the community’s values and so welcomes your input and feedback. Please come prepared to discuss:

- **Which district programs you believe provide the greatest/least educational value**
- **How you believe we can improve our schools; especially our secondary schools**
- **The improvements/shortcomings you have seen in the revised English Language Arts curriculum**

We encourage you to review the current District Goals which are posted on the district website:
www.southorangemaplewood.org
in advance of the roundtable to help facilitate a productive discussion.

For planning purposes, please let Judy Levy know if you are planning to attend by emailing her at:
jlevy@somsd.k12.nj.us.
