Dear Maplewood Rotary Club,

Thank you soooooo much for the dictionaries you gave us! I use it in so many ways! When I read my books and don't know a word, I look it up. If I do my homework and don't know how to spell a word I look in the awesome dictionary. If I don't have a book to read, I read the dictionary! The dictionaries have been helpful since the second I got one!

Sincerely,
Emily

Dear Maplewood Rotary Club,

Thank you for the dictionaries. Those dictionaries are so amazing because now I can use them when I need to look up a word, or if I'm reading a word and I don't know what it means, I can look up the word, and definition. I appreciate the dictionaries because, I usually don't know what a lot of words mean. You are the best people ever. I really love dictionaries!

Sincerely,

Dear South Orange Rotary Club,
Thank you for giving 3rd grade, Clinton School a dictionary. It really comes in handy because if I don't know how to spell a word in my homework I look in the dictionary, you, the Rotary Club gave us. I also use it to see all the interesting things that are in it like the Declaration of Independence. For some reason I use it for one more thing, the words. Sometimes me and my brothers have a spelling bee and my other brother would use it to help him think of some words. So again, thank you.

Sincerely,
Melanie

THANK YOU!

Dear South Orange Rotary Club,
 Thank you for the dictionary.
 I have found page 5 & 6 very interesting!!!! (I LOVE history!) Sadly I haven't found any formal educational use for it yet. I especially like the world atlas that has places, populations, capitals, and square miles!

 Dear South Orange Rotary Club
 I thank you very much for the dictionary. I very appreciate it. I use every day for my homework. I use it to check work after I'm done. Ever since I got a dictionary I have been better at spelling. My friends at after care ask me how to spell words and I know how to answer them correctly. Thank you again for the dictionary.

Dear Maplewood Rotary Club,

Thank you so much for the fantastic dictionary. Our teacher Ms. Tzzolino has given us extra credit worksheet that we have to use our dictionaries for. I also use it when I do my night write when I don't know how to spell a word. When I read a book and I've can't find any context clues I look up that word in the dictionary for an example of a word I looked up in the dictionary is ajar. It was a pleasure to meet you and to have you at Clinton Elementary School.
